AMC on the North American Growth Stocks Basket

Product Description and Investment Process

Julius Baer Actively Managed Certificates are financial instruments which allow the investor to fully participate in the positive performance of the Underlying, but which also reflect the development of the Underlying if its performance is negative. The AMC on the North American Growth Stocks is an actively managed portfolio of equities, which is based on investment advice and recommendation by Belvalor AG. The certificate actively invests in a concentrated portfolio of North American equities consisting of 10 to 30 stocks. The focus is on Growth stocks which are selected by Belvalor's investment criterias Quality, Valuation, Momentum. The stock selection process is supported by fundamental research which is based on analysis of a leading brokerage house with a dedicated focus on Growth stocks as well as numerous other research sources. Investment decisions are in the responsibility of the Advisor. The portfolio is regularly reviewed and rebalanced. For risk management and performance purposes futures as well as structured products may be applied.

Actively Managed Certificates (AMCs) are complex financial products which involve a high degree of risk. They are intended exclusively for investors who have the knowledge and experience necessary to understand all risks and merits involved. AMCs are not comparable with conventional debts or equity securities and will not be covered by any financial compensation or insurance scheme. In particular, the AMC does not constitute a participation in a collective investment scheme. It constitutes a direct, unconditional, unsecured and unsubordinated obligation of the issuer. The product's value is not only dependent on the development of the underlying(s), but also on the credit-worthiness of the issuer. As AMCs may be denominated in another currency than the one of the investor's home member state, fluctuations in exchange rates may adversely affect the market value of the product. AMCs were not registered with the local regulator and are not publicly distributable outside of Switzerland. Not all the risks and merits associated with an AMC can be disclosed in this publication. Therefore, potential investors should consult the entire product documentation related to the specific issuance before making any investment decision. The documentation can be obtained free of charge from your relationship manager or be requested at derivatives@juliusbaer.com. Bank Julius Baer & Co. Ltd. makes no representation as to the suitability or appropriateness of the product for any particular investor.
